- e. assigning a Custodian (typically a Executive Dean of Faculty, or senior officer of an administrative unit or the Director Library Services and University Librarian) for each UNE Collection, with responsibility for the allocation of resources and for overseeing the management of collection; and
- f. assigning responsibility for management of a collection to a Collections Manager, with responsibility for day to day management of the collection (including acquisitions, de-accessions, care of collection and facilities, staffing, reporting and other associated activities such as record keeping, other compliance and agreements management) in a manner which is consistent with University policy and relevant standards and regulations related to the specific collection.
